*Plucked* Rebecca M. Herzig,2016-11 From using clamshell razors and homemade lye depilatories in the colonial era to using diode lasers and prescription pharmaceuticals in the twenty-first century, Americans have gone to great lengths to remove body hair deemed unsightly, unattractive, or unhealthy. In *Plucked*, Rebecca M. Herzig examines both the causes and consequences of routine hair removal in the U.S. *Plucked* illuminates some of the broad social and environmental effects of seemingly 'personal' choices: widespread experimentation on animals, exploitation of workers, exacerbation of racial divisions, and more. An engrossing, multidimensional history of cultural attitudes toward body hair and the increasingly sophisticated tools used to remove it, *Plucked* reveals the complex political significance of even the most mundane activities of modern life.--Back cover.

Nearly everyone is familiar with New York City's Wall Street, a financial center of the world, but much fewer individuals know about the black Wall Streets in Durham and Tulsa, where prominent examples of successful African American leaders emerged. Encyclopedia of African American Business: Updated and Revised Edition tells the fascinating story that is the history of African American business, providing readers with an inspiring image of the economic power of black people throughout their existence in the United States. **Jet**, 2004-12-13 The weekly source of African American political and entertainment news.

**The Hip Hop Wars** Tricia Rose, 2008-12-02 How hip hop shapes our conversations about race -- and how race influences our consideration of hip hop Hip hop is a distinctive form of black art in America—from Tupac to the Pulitzer Prize-winning Kendrick Lamar, hip hop has long given voice to the African American experience. As scholar and cultural critic Tricia Rose argues, hip hop, in fact, has become one of the primary ways we talk about race in the United States. But hip hop is in crisis. For years, the most commercially successful hip hop has become increasingly saturated with caricatures of black gangstas, thugs, pimps, and hos. This both represents and feeds a problem in black American culture. Or does it? In *The Hip-Hop Wars*, Rose explores the most crucial issues underlying the polarized claims on each side of the debate: Does hip hop cause violence, or merely reflect a violent ghetto culture? Is hip hop sexist, or are its detractors simply anti-sex? Does the portrayal of black culture in hip hop undermine black advancement? A potent exploration of a divisive and important subject, *The Hip Hop Wars* concludes with a call for the regaling of the progressive and creative heart of hip hop. What Rose calls for is not a sanitized vision of the form, but one that more accurately reflects a much richer space of culture, politics, anger, and yes, sex, than the current ubiquitous images in sound and video currently provide.

*Black Firsts* Jessie Carney Smith, 2012-12-01 Achievement engenders pride, and the most significant accomplishments involving people, places, and events in black history are gathered in *Black Firsts: 4,000 Ground-Breaking and Pioneering Events*.

*African American Almanac* Lean'tin Bracks, 2012-02-01 The most complete and affordable single-volume reference of African American culture available today, this almanac is a unique and valuable resource devoted to illustrating and demystifying the moving, difficult, and often lost history of black life in America. Celebrating centuries of achievements, the *African American Almanac: 400 Years of Triumph, Courage, and Excellence* provides insights on the influence, inspiration, and impact of African Americans on U.S. society and culture. A legacy of pride, struggle, and triumph is presented through a fascinating mix of biographies—including 750 influential figures—little-known or misunderstood historical facts, enlightening essays on significant legislation and movements, and 445 rare photographs and illustrations. Covering politics, education, religion, business, science, medicine, the military, sports, literature, music, dance, theater, art, film, and television, chapters address the important events and social and cultural changes that affected African Americans over the centuries, followed by biographical profiles of hundreds of key figures, including Muhammad Ali, Maya Angelou, Josephine Baker, Amiri Baraka,

Daisy Bates, George Washington Carver, Ray Charles, Bessie Coleman, Gary Davis, Frederick Douglass, W. E. B. Du Bois, Michael Eric Dyson, Duke Ellington, Medgar Evers, Henry Louis Gates Jr., Eric H.
