World Energy Outlook 2016 Organisation for Economic Co-operation and Development,2016-12-05 The latest World Energy Outlook offers the most comprehensive analysis of what this transformation of the energy sector might look like, thanks to its energy projections to 2040. It reviews the key opportunities and challenges ahead for renewable energy, the central pillar of the low- carbon energy transition, as well as the critical role for energy efficiency.

The Curtis Family Laura Guthrie Curtis Preston,1945 Deodatus Curtis immigrated from England (via Barbados) to Braintree, Massachusetts in 1640/1641. His affairs in Barbados were not settled until 1690 (so he may have died shortly before that time). Descendants and relatives lived in New England, Ohio, Indiana, Illinois, Florida, Alabama and elsewhere.

In a time of so much uncertainty, understanding the implications of the shifting energy landscape for economic and environmental goals and for energy security is vital. The World Energy Outlook 2015 (WEO-2015) will present updated projections for the evolution of the global energy system to 2040, based on the latest data and market developments, as well as detailed insights on the prospects for fossil fuels, renewables, the power sector and energy efficiency and analysis on trends in CO2 emissions and fossil-fuel and renewable energy subsidies.

And both of them have secrets they've no idea how to live with - or leave behind. Yet still they find themselves fighting with all they've got for a future together. But is love enough? 'Accomplished... Beautiful... Heart-wrenching' Independent on Sunday Shortlisted for the Prix Femina Prize

Waiting for Bojangles Olivier Bourdeaut,2020-03-17 An “oddball fairy tale” (The New York Times)—shortlisted for one of France’s highest literary prizes—a dark, funny, and wholly charming novel about a young boy and his eccentric family, who grapple with the realities of mental illness in unique and whimsical ways. A young boy lives with his madcap parents, Louise

and George, and an exotic bird in a Parisian apartment, where the unopened mail rises in a tower by the door and his parents dance each night to Nina Simone's mellifluous classic "Mister Bojangles." As his mother, mesmerizing and unpredictable, descends deeper into her own mind, it is up to the boy and his father to keep her safe—and, when that fails, happy. Fleeing Paris for a country home in Spain, they come to understand that some of the most radiant people bear the heaviest burdens. Told from the perspective of a young boy who idolizes his parents—and from George's journals, detailing his epic love story with his wife—Waiting for Bojangles is a "lighthearted and yet sorrowful tale" (San Francisco Chronicle) that will stay with you long after the final page.

Étienne Davodeau is a comic artist—he doesn't know much about the world of winemaking. Richard Leroy is a winemaker—he's rarely even read comics. But filled with good will and curiosity, the two men exchange professions, and Étienne goes to work in Richard's vineyards and cellar, while Richard, in return, leaps into the world of comics. Providing a true-life representation of how both professions work, this insightful book investigates two fascinating fields, exploring each man's motivations and ultimately revealing that their endeavors and aspirations are not much different.

Inside the Space Ships George Adamski, 2018-03-12 What has happened to George Adamski since he wrote the famous incidents in *Flying Saucers Have Landed?* Since the memorable November 20, 1952, when he first made personal contact

with a man from another world? Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? Inside The Space Ships is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later lie is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in Flying Saucers Have Landed, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in Inside The Space Ships, Adamski gives us 16 photographs and illustrations, no longer of Scouts (flying saucers) mostly, but of the great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.

Heroic Poets, Poetic Heroes Dwight Fletcher Reynolds,1995 An astonishingly rich oral epic that chronicles the early history of a Bedouin tribe, the Sirat Bani Hilal has been performed for almost a thousand years. In this ethnography of a contemporary community of professional poet-singers, Dwight Fletcher Reynolds reveals how the epic tradition continues to provide a context for social interaction and commentary. Reynolds's account is based on performances in al-Bakatush, the northern Egyptian village in which he himself studied as an apprentice to a master epic-singer. The author explores in detail the narrative structure of the Sirat Bani Hilal as well as the tradition of epic-singing, and he pays particular attention to the relationship between today's singers and their wider community. Focusing on the sahra, or private evening performance, Reynolds sees both living epic poets and fictional epic heroes as figures engaged in an ongoing dialogue with audiences concerning such vital issues as ethnicity, religious orientation, codes of behavior, gender roles, and social hierarchies. By placing performance at the center of the process of composition, Reynolds is able to discern how the social dimensions of the past have been embedded in the modern text.

A Flock of Shoes Sarah Tsiang,2010 While she's on the swings at the park, Abby's beloved sandals flip off her feet and fly away with the birds migrating south for the winter, and--even though Abby grows to love her warm and comfy winter boots--she wonders what her sandals might be up to, and where her boots will go when the weather grows warmer.

Nazis on the Run Gerald Steinacher,2012-08-23 This is the story of how Nazi war criminals escaped from justice at the end of the Second World War by fleeing through the Tyrolean Alps to Italian seaports, and the role played by the Red Cross, the Vatican, and the Secret Services of the major powers in smuggling them away from prosecution in Europe to a new life in South America. The Nazi sympathies held by groups and individuals within these organizations evolved into a successful

assistance network for fugitive criminals, providing them not only with secret escape routes but hiding places for their loot. Gerald Steinacher skillfully traces the complex escape stories of some of the most prominent Nazi war criminals, including Adolf Eichmann, showing how they mingled and blended with thousands of technically stateless or displaced persons, all flooding across the Alps to Italy and from there, to destinations abroad. The story of their escape shows clearly just how difficult the apprehending of war criminals can be. As Steinacher shows, all the major countries in the post-war world had 'mixed motives' for their actions, ranging from the shortage of trained intelligence personnel in the immediate aftermath of the war to the emerging East-West confrontation after 1947, which led to many former Nazis being recruited as agents turned in the Cold War.

Dark Harbor Mark Strand,1994-06-28 Pulitzer Prize-winner Mark Strand gives us a poem in forty-five sections that—despite its wide range and shifting mood and tone—is all of a piece. Here Strand speaks candidly to the reader, conversing, offering urban wit and surrealist digressions that draw on our innermost sensations and the outermost reaches of our reality: Is what exists a souvenir of the time Of the great nought and deep night without stars The time before the universe began? When we look at each other and see nothing Is that not a confirmation that we are less Than meets the eye and embody some of The night of our origins? A timeless pursuit of timeless questions, Dark Harbor centers on uncertainty and the known, family and isolation, the possible and the real. The poems in this book are easily recognizable as the world of one of our most interesting and influential poets.
