Angela Benton Ronald Russell, Alex Medvedev, 2017-08-11 Biography of Angela Benton, currently Founder & CEO at NewME Accelerator, previously CEO at Black Web Media, LLC and Founder/CEO at Cued Labs, Inc.

Women Who Work Ivanka Trump, 2024-05-14 NEW YORK TIMES BESTSELLER! Ivanka is donating the unpaid portion of her advance and all future royalties received from *Women Who Work* to the Ivanka M. Trump Charitable Fund, a donor advised fund that will make grants to organizations that empower and educate women and girls.* This is a chatty step-by-step guide to living a happy life and getting ahead in a career. —USA Today The advice is spot-on for everyone, not just women. —Tony Hsieh, CEO of Zappos.com and author of *Delivering Happiness* I believe that when it comes to women and work, there isn't one right answer. The only person who can create a life you'll love is you. Our grandmothers fought for the right to work. Our mothers fought for the choice to be in an office or to stay at home. Our generation is the first to fully embrace and celebrate the fact that our lives are multidimensional. Thanks to the women who came before us and paved the way, we can create the lives we want to lead—which look different for each of us. I've been fortunate to be able to build my career around my passions, from real estate to fashion. But my professional titles only begin to describe who I am and what I value. I have been an executive and an entrepreneur, but also—and just as importantly—a wife, mother, daughter, and friend. To me, “work” encompasses my efforts to succeed in all of these areas. After appearing on *The Apprentice* years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about “women who work.” So I created a forum to do just that. This book evolves the conversation that started on IvankaTrump.com, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. *Women Who Work* will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. * The Ivanka M. Trump Charitable Fund (the “Fund”) is a donor advised fund that supports the economic empowerment of women and

girls. Ivanka Trump is the grant advisor to the Fund and sole member of IT WWW Pub, LLC (the “LLC”), which receives royalties from the publication of Women Who Work. The LLC will contribute a minimum \$425,000 to the Fund, which is the unpaid portion of the advance, net of expenses. In addition, the LLC will contribute all future royalties it receives that are in excess of the advance to the Fund during the period from May 1, 2017 to May 1, 2022.

Digital Sisterhood Ananda Kiamsha Madelyn Leeke,2013-09 Ananda Kiamsha Madelyn Leeke became a pioneer in the digital universe twenty-seven years ago, when she logged in to the LexisNexis research service as a first-year law student at Howard University School of Law. She was immediately smitten with what the World Wide Web could do. Later, while attending the UN Fourth World Conference on Women in Beijing, China, in 1995, Leeke found herself in an Internet café, where she experienced an interaction that changed her life. Over time, through interactions and conversations both online and in-person, Leeke developed the concept of digital sisterhood. Embracing this revolutionary concept led to a complete career reinvention that finally allowed her to embrace her enormous creative spirit. She found in her digital sisters true heroes and virtual mentors. Her blogging and social media adventures highlight the lessons she learned in the process, the reasons she launched the Digital Sisterhood Network, and the experiences that caused her to adopt what she terms the fierce living commitments. In her memoir, Leeke details her journey, sharing experiences and insights helped her and her digital sisters use the Internet as a self-discovery tool and identifying leadership archetypes that shaped her role as a social media leader.

Distributed Blackness André Brock, Jr., 2020-02-25 Winner, 2021 Harry Shaw and Katrina Hazzard-Donald Award for Outstanding Work in African-American Popular Culture Studies, given by the Popular Culture Association Winner, 2021 Nancy Baym Annual Book Award, given by the Association of Internet Researchers An explanation of the digital practices of the black Internet From BlackPlanet to #BlackGirlMagic, *Distributed Blackness* places blackness at the very center of internet culture. André Brock Jr. claims issues of race and ethnicity as inextricable from and formative of contemporary digital culture in the United States. *Distributed Blackness* analyzes a host of platforms and practices (from Black Twitter to Instagram, YouTube, and app development) to trace how digital media have reconfigured the meanings and performances of African American identity. Brock moves beyond widely circulated deficit models of respectability, bringing together discourse analysis with a close reading of technological interfaces to develop nuanced arguments about how “blackness” gets worked out in various technological domains. As Brock demonstrates, there’s nothing niche or subcultural about expressions of blackness on social media: internet use and practice now set the terms for what constitutes normative participation. Drawing on critical race theory, linguistics, rhetoric, information studies, and science and technology studies, Brock tabs between black-dominated technologies, websites, and social media to build a set of black beliefs about technology. In explaining black relationships with and alongside technology, Brock centers the unique joy and sense of community in being black online now.

Yet, while both those series have companion books that serve as readers’ guides, no such book exists on Connelly. Conspiracy U Scott A. Shay,2021-10-05 In *Conspiracy U*, Shay presents a case study of his alma mater, Northwestern University, in order to challenge the proliferation of anti-Zionist conspiracy theories championed on college campuses by both the far right and far left. Shay tackles the thorny question of how otherwise brilliant minds willingly come to embrace and espouse such patent falsehoods. He explains why Zionism, the movement for Jewish national self-determination, has become the focal point for both far-right and far-left conspiracy theories. His keen analysis reveals why Jews serve as the canary in the coal mine. *Conspiracy U* delivers an urgent wake-up call for everyone who cares about the future of civil society and is concerned that universities today are failing at teaching students how to strive for truth but rather guiding students to blindly trust theories driven by ideology. The book provides a roadmap for reform based on universal moral and intellectual standards and offers a way out of the culture wars that are ripping America apart.
