EBOOK: Understanding Business, Global Edition William Nickels,James McHugh,Susan McHugh,2012-05-16

Understanding Business Global Edition by Nickels, McHugh, and McHugh has been the number one textbook in the introduction to business market for several editions for three reasons: (1) The commitment and dedication of an author team that teaches this course and believes in the importance and power of this learning experience, (2) we listen to our customers, and (3) the quality of our supplements package. We consistently look to the experts – full-time faculty members, adjunct instructors, and of course students – to drive the decisions we make about the text itself and the ancillary package. Through focus groups, symposia, as well as extensive reviewing of both text and key ancillaries, we have heard the stories of more than 600 professors and their insights and experiences are evident on every page of the revision and in every supplement. As teachers of the course and users of their own materials, the author team is dedicated to the principles of excellence in business education. From providing the richest most current topical coverage to using dynamic pedagogy that puts students in touch with today's real business issues, to creating groundbreaking and market-defining ancillary items for professors and students alike, Understanding Business leads the way.

Principles of Transnational Civil Procedure American Law Institute, 2005-12-12 The American Law Institute and UNIDROIT (International Institute for the Unification of Private Law) are preeminent organizations working toward the clarification and advancement of the procedural rules of law. Recognizing the need for a 'universal' set of procedures that would transcend national jurisdictional rules and facilitate the resolution of disputes arising from transnational commercial transactions, *Principles and Rules of Transnational Civil Procedure* was launched to create a set of acceptable rules and principles that would be accepted globally. This work strives to reduce uncertainty for parties obliged to litigate in unfamiliar surroundings and promote fairness in judicial judgments. As recognized standards of civil justice, *Principles and Rules of*

Transnational Civil Procedure can be used in pleadings, development, and presentation of evidence, legal argument, and tribunal judgments such as arbitration. The result is a work which significantly contributes to the promotion of a universal rule of law norm.

How to Be a Diversity and Inclusion Ambassador Celeste R. Warren, 2022-08-30 Using a proven three-part framework, this book shows how anyone—from a CEO to frontline employee—can play a pivotal role in creating a diverse and welcoming workplace. Creating a diverse workplace needs to be an ongoing effort, not just the subject of occasional training. As Celeste Warren says, needed change won't take place unless all employees feel that they have a role to play in creating the culture they would like to see in their organization. Regardless of what position you hold, you have the ability to impact change and create a more inclusive environment. Anyone can commit to becoming an unofficial Diversity and Inclusion Ambassador in his or her organization. Warren offers a straightforward three-stage model: Become aware of your strengths, weaknesses, and conscious and unconscious biases. Take an inventory of your surroundings: what is getting in the way of there being an inclusive environment in your organization? Develop a personal action plan. Depending on your position, the actions you take can be as simple as consistently raising DEI-related issues in staff meetings or as far-reaching as leading an Employee Resource Group or developing a new hiring policy. In separate chapters, Warren offers specific advice for chief diversity and inclusion officers, C-suite leaders, first-line managers, human resources practitioners, and individual contributors. This book features examples, exercises, and practical tools that show you how to assess where your organization is at and develop a purpose and strategy that can make diversity a workplace reality.

Conscience Incorporated Michael H. Posner, 2024-12-17 A guide for business leaders working to create socially conscious, sustainable companies—without sacrificing profit Amid international outcry over income inequality, labor abuses, and racial injustice, Conscience Incorporated examines the gaps in current corporate social responsibility measures. The rise of new technologies such as smartphones and social media have made it easier than ever to document and spread awareness of corporate misconduct. Despite these developments, large corporations often fail to meaningfully address the human rights abuses committed within their companies or as part of their global business practices. In Conscience Incorporated, Michael H. Posner addresses what lies at the root of the challenges global corporations face in addressing human rights failures by drawing on his extensive personal experience as a human rights lawyer, State Department official under President Obama, chair of the Fair Labor Association and Director of the Center for Business and Human Rights at NYU Stern School of Business. Drawing from research into the history of business ethics and anchoring his argument with examples of companies publically accused of human rights abuses—Nike, Coca-Cola, Apple, and more—Posner provides a blueprint for global business leaders to navigate human rights challenges and adopt sustainable corporate practices. Conscience Incorporated highlights the dangers of outsourcing labor to faraway nations and enforcing unfair deals with local suppliers. Posner argues that growing public awareness has not been enough to meaningfully alter the unethical practices of some global businesses. In doing so, he reveals how these businesses have failed to prioritize human rights time and again, betraying their vows to protect workers and communities. Posner offers concrete reforms and argues compellingly for why businesses need to devote greater time and resources to protecting basic human rights. Conscience Incorporated is a powerful challenge to the status quo and advocates for a fundamental shift in the principles that govern global businesses.

Antisemitism Deborah E. Lipstadt, 2019-01-29 ***2019 NATIONAL JEWISH BOOK AWARD WINNER—Jewish Education and Identity Award*** The award-winning author of *The Eichmann Trial and Denial: Holocaust History on Trial* gives us a penetrating and provocative analysis of the hate that will not die, focusing on its current, virulent incarnations on both the political right and left: from white supremacist demonstrators in Charlottesville, Virginia, to mainstream enablers of antisemitism such as Donald Trump and Jeremy Corbyn, to a gay pride march in Chicago that expelled a group of women for carrying a Star of David banner. Over the last decade there has been a noticeable uptick in antisemitic rhetoric and incidents by left-wing groups targeting Jewish students and Jewish organizations on American college campuses. And the reemergence of the white nationalist movement in America, complete with Nazi slogans and imagery, has been reminiscent of the horrific fascist displays of the 1930s. Throughout Europe, Jews have been attacked by terrorists, and some have been murdered. Where is all this hatred coming from? Is there any significant difference between left-wing and right-wing antisemitism? What role has the anti-Zionist movement played? And what can be done to combat the latest manifestations of an ancient

hatred? In a series of letters to an imagined college student and imagined colleague, both of whom are perplexed by this resurgence, acclaimed historian Deborah Lipstadt gives us her own superbly reasoned, brilliantly argued, and certain to be controversial responses to these troubling questions.

The Antidote Barry Werth, 2014-12-23 In 1989, the charismatic Joshua Boger left Merck, then America's most admired business, to found a drug company that would challenge industry giants and transform health care. Journalist Barry Werth described the company's tumultuous early days during the AIDS crisis in *The Billion-Dollar Molecule*, a celebrated classic of science and business journalism. Now he returns to tell the story of Vertex's bold endurance and eventual success. The pharmaceutical business is America's toughest and one of its most profitable. It's riskier and more rigorous at just about every stage than any other business, from the towering biological uncertainties inherent in its mission to treat disease; to the 30-to-1 failure rate in bringing out a successful medicine; to the multibillion-dollar cost of ramping up a successful product; to operating in the world's most regulated industry, matched only by nuclear power. Werth captures the full scope of Vertex's 25-year drive to deliver breakthrough medicines.--From publisher description.

Asbestos Litigation Stephen J. Carroll, Deborah R. Hensler, Jennifer Gross, Elizabeth M. Sloss, Matthias Schonlau, 2005-07-07 Asbestos litigation is the longest-running mass tort litigation in U.S. history. Through 2002, approximately 730,000 individuals have brought claims against some 8,400 business entities, and defendants and insurers have spent a total of \$70 billion on litigation. Building on previous RAND briefings, the authors report on what happened to those who have claimed injury from asbestos, what happened to the defendants in those cases, and how lawyers and judges have managed the cases.

Encyclopedia of African American Business [2 volumes] Jessie Smith, 2017-11-27 This two-volume set showcases the achievements of African American entrepreneurs and the various businesses that they founded, developed, or promote as well as the accomplishments of many African American leaders—both those whose work is well-known and other achievers who have been neglected in history. Nearly everyone is familiar with New York City's Wall Street, a financial center of the world, but much fewer individuals know about the black Wall Streets in Durham and Tulsa, where prominent examples of successful African American leaders emerged. *Encyclopedia of African American Business: Updated and Revised Edition* tells the fascinating story that is the history of African American business, providing readers with an inspiring image of the economic power of black people throughout their existence in the United States. It continues the historical account of developments in the African American business community and its leaders, describing the period from 18th-century America to the present day. The book describes current business leaders, opens a fuller and deeper insight into the topics chosen, and includes numerous statistical tables within the text and in a separate section at the back of the book. Proposed Long Range Plan for the Federal Courts Judicial Conference of the United States. Committee on Long Range Planning,1995 This first comprehensive plan for the future of the federal courts responds to a growing awareness within and without the courts that the accelerating pace of social change requires public institutions to anticipate likely future challenges and opportunities. The Constitution vests the federal courts with the judicial power of the United States, power which the courts are bound to exercise justly, speedily, and economically. To meet that responsibility, the courts must first and above all preserve the rule of law. At the same time, they must respond to the changing needs of society, litigants, and the practicing bar. The federal courts intend that this first plan, along with the planning process that it has initiated, will foster those two imperatives. -- p. 1.

Frankly, We Did Win This Election Michael C. Bender,2021-07-13 THE INSTANT NEW YORK TIMES BESTSELLER! Michael C. Bender, senior White House reporter for the Wall Street Journal, presents a deeply reported account of the 2020 presidential campaign that details how Donald J. Trump became the first incumbent in three decades to lose reelection—and the only one whose defeat culminated in a violent insurrection. Beginning with President Trump’s first impeachment and ending with his second, FRANKLY, WE DID WIN THIS ELECTION chronicles the inside-the-room deliberations between Trump and his campaign team as they opened 2020 with a sleek political operation built to harness a surge of momentum from a bullish economy, a unified Republican Party, and a string of domestic and foreign policy successes—only to watch everything unravel when fortunes suddenly turned. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement’s signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval—and an unorthodox president’s attempt to battle it all. Fresh interviews with Trump, key campaign advisers, and senior administration officials are paired with an exclusive collection of internal campaign memos, emails, and text messages for scores of never-before-reported details about the campaign. FRANKLY, WE DID WIN THIS ELECTION is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president’s repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants—his own vice president.
